

Recycling: as easy as learning colours

Reciclar: tan fàcil com aprendre els colors

Ajuntament de Mollet del Vallès

Fem-ho bé!

Ajuntament de Mollet del Vallès

Welcome to the town of Mollet del Vallès.

Mollet is an open, diversified, lively town. A dynamic town, tailored to the needs of those who live, work, study, walk or shop there. These activities allow people to develop and guarantee the town's vitality, despite the fact that sometimes, maybe too often, they are carried out at the cost of using too many resources which means they generate all kinds of waste products.

All of us generate waste: it is our waste and gives a good idea of what we are like, what we do and how we live! It is waste which the Town Council is responsible for collecting and which you, as citizens, are responsible for putting where it should be! These are our obligations: as a public administration, but also as a citizen!

If the town is clean, we gain in quality of life. If we leave each waste product in its proper place, we will save on resources and this will benefit the environment. A very simple gesture, within everybody's reach.

Josep Monràs i Galindo
Mayor of Mollet del Vallès

Esther Safont i Artal
Town Councillor for
Urban and Environmental Quality

Benvinguts i benvingudes a la ciutat de Mollet del Vallès,

Mollet és una ciutat oberta, plural i plena de vida. Una ciutat dinàmica, feta a la mida dels que hi viuen, treballen, estudien, passegen o van a comprar. Aquestes activitats permeten el desenvolupament de les persones i garanteixen la vitalitat de la ciutat, per bé que, a vegades, potser massa sovint, es fan a costa d'un consum excessiu de recursos i comporten la generació de tot tipus de residus.

Tots en generem, de residus: són els nostres residus i expliquen prou bé com som, què fem i com vivim! Són uns residus que l'Ajuntament té el deure de recollir i, vosaltres, com a ciutadans, el deure de dipositar-los allà on toca! Aquestes són les nostres obligacions: com a administració pública, però també com a ciutadà!

Si la ciutat està neta, guanyem en qualitat de vida. Si dipositem cada residu al seu lloc, estalviem recursos i beneficiem al medi ambient. Un gest ben senzill a l'abast de tothom.

Josep Monràs i Galindo
Alcalde de Mollet del Vallès

Esther Safont i Artal
Regidora de Qualitat
Urbana i Ambiental

Paper and cardboard

Cardboard should be folded well and placed in the container

Paper i cartró

Cal posar el cartró ben plegat a dins del contenidor

Glass

Glass containers

Glass should not be left outside the container. It may break and become a danger for passers-by.

Vidre Envasos de vidre

Cal no deixar vidres fora del contenidor, es poden trencar i esdevenir un perill per als vianants.

Packaging

Packaging and plastic bags, tetra pak cartons, tins, polystyrene trays and aluminium foil
Packaging which has contained toxic products (paint, solvents, insecticides, etc.) should not be left. These should be taken directly to the waste collection centre.

Envasos

Envasos i bosses de plàstic, brics, llaines, safates de porexpan i paper d'alumini

Cal no deixar envasos que han contingut productes tòxics (pintures, dissolvents, insecticides, etc.) Aquests han d'anar a la deixalleria.

Organic

Food remains (including egg shells, dried fruit shells, coffee dregs, infusions, etc.), small amounts of garden waste and greasy paper towels.

Organic material should always be placed in a bag and put in the container.

Orgànica

Restes de menjar (incloses les closques d'ous, clofolles de fruita seca, marro de cafè, infusions, etc.), restes petites de jardineria i tovallons de paper bruts d'oli.

La matèria orgànica cal posar-la sempre en una bossa i dipositar-la dins del contenidor.

Refuse

Nappies, sanitary towels, used paper handkerchiefs, cigarette and cigar ends, animal excrement, matches, chimney ashes, sweeping waste, fax paper, laminated paper.

Refuse should always be placed in a bag and put in the container.

Rebuig

Bolquers, compres, mocadors de paper usats, burilles de cigarretes i cigars, excrements d'animals, llumins, cendres de la llac de foc, restes d'escombrar, paper de fax, paper plastificat

El rebuig cal posar-lo sempre en una bossa i dipositar-la dins del contenidor.

Paper bins

Small wrappers, used handkerchiefs, cigarette and cigar ends, matches, chewing-gum.

Do not throw anything on the ground. Put cigarette ends out carefully before putting them in the bin.

Papereres

Embolcalls petits, mocadors de paper usats, burilles de cigarretes i cigars, llumins, xiclets

No llencis res al terra. Apaga bé les burilles abans de dipositar-les a la paperera.

Special waste

Batteries: these are collected at collaborating shops and the waste collection centre.

Medicines: these are collected at chemist's, health care centres, Mollet Hospital and the waste collection centre.

Remaining special waste:

(toxic product containers, fluorescent light bulbs, vegetable and mineral oils, paints, varnishes, tyres, x-rays, etc.) should be taken to the waste collection centre.

Residus especials

Piles: es recullen als comerços col·laboradors i a la deixalleria.

Medicaments: es recullen a les farmàcies, als centres d'assistència primària (CAP), a l'Hospital de Mollet i a la deixalleria.

La resta de residus especials: (envasos de productes tòxics, fluorescents, olis vegetals i minerals, pintures, vernissos, pneumàtics, radiografies, etc.) s'han de portar a la deixalleria.

Old furniture and tools

Freephone for collection of old furniture and tools
900 720 648

It is necessary to phone in order to arrange the day the unwanted furniture is to be collected from the street. You can also take it directly to the waste collection centre.

Mobles i estris vells

Telèfon gratuït de recollida de mobles i estris vells
900 720 648

Cal trucar per telèfon per acordar el dia en què cal treure els trastos al carrer. També els podeu portar a la deixalleria.

Waste Collection Centre

Special waste: batteries, toxic product containers, fluorescent light bulbs, vegetable and mineral oils, paint, varnish, tyres, x-rays, etc.

Recyclable waste: paper, cardboard, glass, etc.

Green waste: pruning clippings

Voluminous waste: old furniture and tools

Deixalleria

Residus especials: piles, envasos de productes tòxics, fluorescents, olis vegetals i minerals, pintures, vernissos, pneumàtics, radiografies, etc

Residus reciclables: paper, catró, vidre, etc.

Residus verds: restes de poda

Residus voluminosos: mobles i estris vells
